I colori e gli effetti sono puramente indicativi in quanto possono variare in base ai supporti utilizzati, alla quantità applicata e al sistema di verniciatura. Per ottenere il miglior risultato ottimizzare sempre il colore e gli effetti con prove pratiche. Per i cicli applicativi e di verniciatura vi preghiamo di richiedere e consultare le relative schede tecniche.
Colors and effects are purely approximate, as they might vary depending on used surfaces, applied quantity and varnishing system. We suggest to perform preliminary practical tests to reach the best color and effect result. For applying and varnishing systems please consult the technical data sheets provided by us upon your request.
